

## How to download the resources from “What Patients Want”?

Document: 00502 Last edited: 21/8/10  
Author: Anthony Hanks, OD

Downloading of resources requires two things:

- A registered email address, and
- The *Download Code* from the book “What Patients Want”.

Go to the website [www.hanks.optom.com.au](http://www.hanks.optom.com.au) and follow these easy steps . . .

### If This is Your First Download

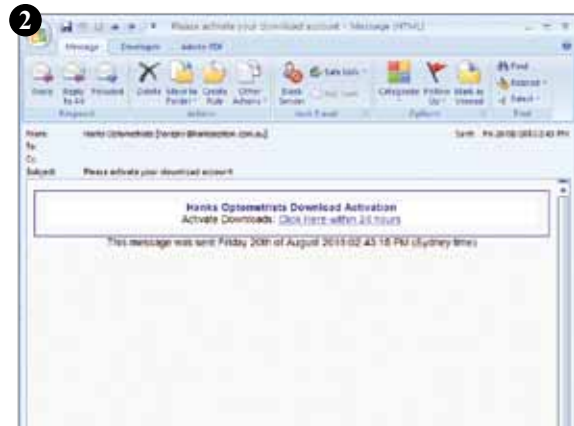

#### 1: Register Your Email Address

- Navigate to *Support*, then *Downloads - What Patients Want*.
- Select any resource, enter *Your Email* address and the *Download Code* printed inside the back cover of this book. Then click on *Download*.

#### 2: Activate Your Email Address

- For your first download, an Activation Link will be sent to your email address. Check your emails and click on this link to register as a legitimate owner of the book. This registration cannot be shared with any other user.

## After Your Email Address is Registered

Once you have registered your email address, future downloads are easy and fast . . .

### 3: Download Your Selection

- Navigate to Downloads - What Patients Want.
- Click on the name of the requested file.
- Enter your email address and the Download Code printed inside the back cover.
- Then click on the Download button. (Be sure to save the file somewhere that can easily be found again).
